

STREAMLINING OPERATIONS WITH 5G INTERNET FOR GOVERNMENT FROM T-MOBILE

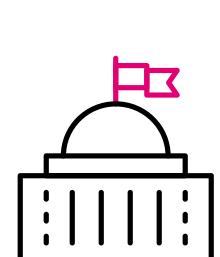

Discover how flexible, reliable, and secure 5G wireless internet improves workplace connectivity and enhances public service delivery.

WHO WE SERVE

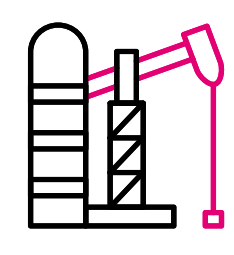

Our flexible, secure 5G wireless internet solution is fit for a variety of agencies, including:

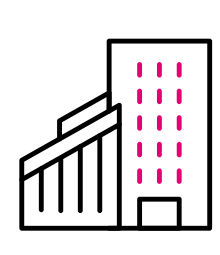

JUDICIAL SYSTEMS
(courthouses, administrative offices, law libraries, etc.)

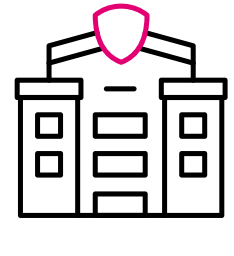

STATE AND FEDERAL AGENCY LOCAL BRANCH OFFICES
(USPS, SSA, DMV, state unemployment offices)

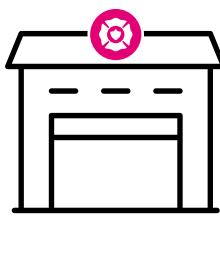

TEMPORARY FIELD OFFICES IN REMOTE LOCATIONS

LOCAL AND MUNICIPAL OFFICES
(city halls, county admin, special districts)

POLICE DEPARTMENTS + SHERIFFS' OFFICES

FIRE STATIONS

78% of IT decision-makers are using or considering using LTE or 5G as the only WAN link in their institution.

HOW 5G INTERNET FOR GOVERNMENT POWERS AGENCY OPERATIONS

With our nationwide 5G network, 5G Internet for Government is positioned to provide connectivity with the coverage and flexibility to help you address what's most important for your organization.

Inseego Wavemaker
5G Indoor Router FX2000

\$45/MONTH

EXPERIENCE THE POWER OF UNLIMITED 5G INTERNET FOR GOVERNMENT WITH NO ANNUAL CONTRACTS. Use the Inseego router included, or BYOD with any router certified on the T-Mobile network.

- RELIABLE CONNECTIVITY
- OPERATIONAL FLEXIBILITY
- SECURE, RELIABLE BACKUP/FAILOVER SERVICE
- POWER HYBRID/REMOTE WORK
- SECURE HIGH-BANDWIDTH DATA TRANSFER
- DIGITIZATION FOR EFFECTIVE PUBLIC SERVICE DELIVERY
- COMPREHENSIVE SUPPORT: TAILORED ASSISTANCE FROM DISCOVERY TO DEPLOYMENT

Delivered via 5G cellular network; speeds vary due to factors affecting cellular networks, including data prioritization. Not available in all areas; addresses ineligible for 5G may be eligible for 4G LTE or other fixed wireless options. Security features include encryption and multi-layer authentication to help protect agency information.

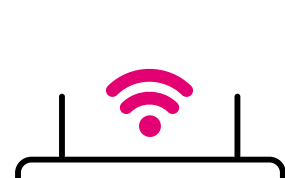

DIGITIZATION COULD UNLOCK \$1 TRILLION IN PRODUCTIVITY IMPROVEMENTS

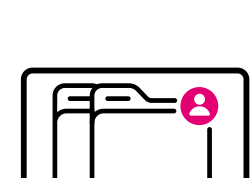

across the global public sector, including online portals, mobile apps, and more.

AGENCY-SPECIFIC USE CASES

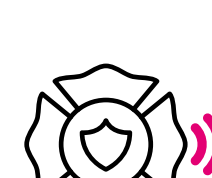

We can supplement or enhance primary connectivity according to your organization's needs.

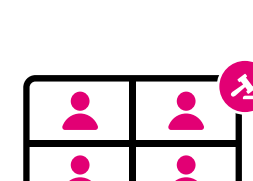

Rapid deployment and scalability for public safety agencies

Digital recordkeeping for law enforcement agencies and regulatory bodies

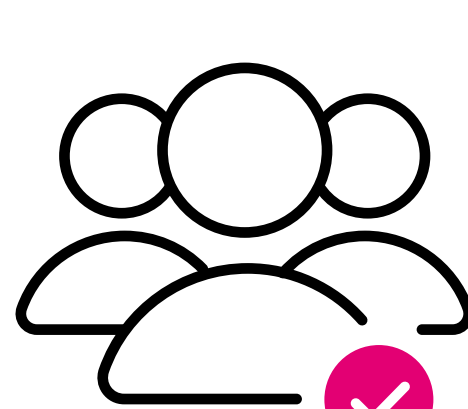

Response coordination and community engagement

Video conferencing for remote consultations, court proceedings, and witness testimonies

IoT solutions for smart city initiatives, traffic management, and environmental monitoring

85% OF CITIZENS

say they are satisfied with the effectiveness and efficiency of public service delivery thanks to digitization.

Discover how 5G Internet for Government can help provide seamless connectivity for your agency's critical operations. **Just \$45/month, no annual contracts.**

During congestion, Internet customers may notice speeds lower than other customers due to data prioritization. Plus taxes & fees: Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling \$1.40 per data only line (\$0.12 for RPF & \$1.28 for TRF) apply; taxes/fees approx. 3-12% of bill. Credit approval required. For use only at location provided at activation. Video streaming resolution depends on available speeds. For best performance, leave video streaming applications at their default resolution setting. Not compatible with some live TV streaming services. Coverage not available in some areas. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users. See contract for additional information.
